Money Practice #1

1. Which amount shows \$2.52?

- 2. Ms. Dudley earned \$13.98 when she recycled her cans yesterday. Today she earned \$17.24 for recycling her cans. About how much money did she earn for both days?
- 3. Count the collection of coins. Show the amount counted under each coin. Then give the total amount. Show your amount using the dollar sign and decimal point and with the cent sign.

Amount: _____

Amount: \$_____
